## **PRESIDENT'S MESSAGE:**

This being the first newsletter for 2009, I hope all had a pleasant festive season!

The year 2009 will be a challenge for N.A.P.A., but if we all work as a team and pick up the pieces we can meet the challenge. A budget was drawn up and approved by the membership. By staying within the approved budget we can put on a very successful show this year

It is nice to see that several members have volunteered to take on the chairperson, for several of the vacated positions. Thanks to all who stepped forward to fill these positions and I hope when these people ask for help other members will accept the challenge and help.

With the upset at the end of 2008, I have heard rumors that some members have been bad mouthing the association. I would like to ask that if you have a grievance you bring it to the executives and let them resolve the issue because negative gossip only brings down the moral of the club and doesn't resolve the problem. Thanks!

When we are talking to our friends and members of other clubs lets be positive! Remind them that our show is open for any display by anyone for our engine rows. Let's fill this section of our show this year. Remind them they can come in and display at no cost and have a good time and meet new friends.

## **Message from the Directors:**

Our club is going through many changes and we need all members to pull together so Niagara Antique Power will stand proud and tall among all the antique power clubs in this area, as it has for 37 years. When you are asked to accept a position please stand up and say yes. Many volunteers make work easier and more fun. If you have not been asked and have an interest in doing something for the club just make it known to any of the executives. If you have a suggestion on how to make our show better or function better just let us know. We need fresh ideas!

## **HELP!!!!**

Last year we made \$2,700.00 from taking the Kiddie Carts to different events which helps pay the bills, so we can continue to have our show. We need members to check their calendars and if you can volunteer (It takes 3 people to run this event) to take responsibility for running them at any event this summer let Ed Geyer know. Ed & Mary Geyer has volunteered to transport them to the events.

## **HELP!!!!**

Another area where help is required is the Ice Cream Shop. If we can find a volunteer to take over the Chairmanship I am sure there are volunteers that would help run the shop. We usually make a lot of money selling Ice Cream which helps our finances. If no one volunteers for the position soon we have an organization called Heavenly Dream Ice Cream that will take it over and all we will receive is a vendor fee like all the food vendors. So step up and help the club, you don't have to do all the work just organize and schedule volunteers to work!
