## PRESIDENT'S MESSAGE:

This is the first newsletter for 2013 and I would like to extend New Year's Greetings to everyone. The beginning of a new year brings enthusiasm about what will transpire throughout the year. We think about our festive holidays along with our personal holidays.

Then there is our big show!! July seems far away but there are only five meetings before the show. There is preparation in those meetings for activities to be discussed and all the arrangements made to make it happen. The show for 2012 was very successful and hopefully weather permitted our 2013 show will also be great.

We should keep in mind that new displays are required every year to increase our numbers. Therefore we must make our show exciting for all who attend.

We have several new young members that are taking great interest in N.A.P.A. which is encouraging as they will carry on our vision. We need to support these new members and they will encourage others to join our association. Our American clubs are now increasing their younger membership. Let's all try to do the same the future depends on them.

So in closing let us all work together to increase our membership of all ages. Let's make our 2013 show the best ever!  
Reg Tufford
