## **SHOWCHAIRMAN REPORT FROM THE 2013 SHOW**

This year was a trying one with all the rain on Friday night and all the water and mud on the grounds and once again the creation of our lake N.A.P.A. We had to cancel our Tractor & Horse Pulls on Saturday and we were also contemplating having to canceling the show as well however spectators begin showing up and we decide the show must go on no matter what. We still had some tractor pulls however it was by pulling vehicles out of the mud thanks to all the tractor drivers for the fine job and help. Thanks to all the displayers who came out and put on a wonderful display despite the weather. I think this turned out to be a great year everyone had a smile on their face and visitors even came prepared with rubber boots on and no complaints. We finally had the saw mill running on Sunday thanks to Jim Bucknall and Ed Geyer and the boys who helped them. Everything went well with soap making demonstrated by the Robbins Family. I wish to also thank all the young members, brother-in-law Kyle and daughter Julie for the help with the children's games and also the blind man tractor game. A special thanks to David Robert who has continued to come every year from Alberta to help at the show. Also thank you to the Woods family for putting on the wiener roast each night of the show

Thanks again

Roger Robert – Show Chairman

## **HELP NEEDED DURING THE YEAR**

At our last General Meeting in October it was announced that the executives appointed ED HORTON as the Chairperson of the Grounds. If you would like to help with maintenance jobs that need to be done throughout the year please contact Ed at 905-734-7646, or speak to him at the general meeting. Ed will be calling members at different times when he needs some help on a project. If you can't help on that project maybe you will be available at another time when he calls again. Ed's job is to get the projects done with the help of members not to do all the work all by himself. Please step up and help when you can.

Please attend as many meetings as you can and share your ideas, hopes and dreams for the future of Niagara Antique Power. If you can't attend just contact any executive and share the items you would like to see discussed at the General meeting and they will be placed on the agenda. Let's work together and make our club a club of fellowship and fun, while we fulfill our Mission Statement that was written when the club was formed.
